SCHOOL ATTENDANCE GUIDELINES

- Attending school regularly helps all students, whether receiving general or special education services, develop the skills and habits they will need to succeed as adults. 21st Century Public Academy understands that your child may need to miss an occasional day; however, students are expected to miss no more than 10 days, excused or unexcused, within any given school year. The Federal Every Student Succeeds Act requires that states, school districts and schools be held accountable for ensuring that student attendance is a critical component of the educational process. Please review the following information on how to notify your child's school of absences, what the school and the State of New Mexico considers to be an excused absence, and the steps the school will take to support families who are facing barriers that make it difficult for a student to attend school on time each day.

New Mexico law dictates that:

- Students between the ages of 5 and 18 years of age are mandated to attend public school, private school, home school or a state institution.
- Schools will provide intervention strategies that focus on keeping students in school.
- Habitual truants will be reported to appropriate authorities such as Juvenile Probation. It is understood that sometimes families may need support to help their child be successful. School staff can assist with locating possible resources within the school community.

ATTENDANCE POLICY

- In accordance with the notification procedure established by the school a parent/guardian must notify the school that the student will be absent each day that a student is absent even if the student will be absent for multiple days.
- In accordance with the notification procedure established by the school a parent/guardian must notify the school each day that a student is signing out before the end of the instructional day,
- Teachers will take attendance by class period for each instructional day and record attendance in the district student information system.
- Parents/guardians should review their child's attendance record through Plus Portals online or at school.
- Absences may be excused for the following reasons with appropriate documentation:

- Principals may request additional documentation for excessive excused absences.

MAKE-UP WORK

- Students may complete work for all excused and for up to 10 unexcused absences.
- Once a student is identified as a habitual truant (10 unexcused full day absences) make-up work may be provided for the student unless the principal and teacher determine otherwise based on the data provided.
- On the first day back to a class, students are responsible for requesting make-up assignments. Failure to complete make-up work in the time allowed may place students at risk of not earning class credits.
- Students will have the opportunity to complete the work in a period of time equal to the number of days absent unless other arrangements have been mutually agreed upon by the student and the teacher.
- Teachers may need 24 hours from the time of the request to compile assignments.

EXCESSIVE ABSENCES

- Schools will work collaboratively with parents/families to identify and provide intervention strategies for students with unexcused absences
- School-related activities taking students out of school are not included when

evaluating excessive absences. A student is not allowed more than ten (10) school-related absences per class per semester

- State law requires schools to withdraw a student after ten (10) consecutive days of unexcused absences.
- School may not use out of school suspension or expulsion as punishment for truancy.
- Families will be contacted by a phone call if their child has 2 unexcused absences. This is to provide families with the opportunity to work with their child's school to begin interventions.
- Families will be contacted by a phone call if their child has 5 unexcused absences. Designated staff should make contact with the family and schedule an appointment to work with the parent on strategies and support.
- Families will receive a written letter if their child has 10 unexcused absences. Parents/guardians will need to meet with school staff to review prior strategies and develop a more intensive support plan.
- Students that receive more than 10 unexcused absences will be referred to Juvenile Probation
- Interventions for students with disabilities who have IEPs (other than students receiving "gifted services only") will involve consultation with the IEP team and/or performance of a Functional Behavior Assessment.

- Students who miss more than 50% of the class period are considered absent. If excused, parents must notify the school in accordance with the notification procedure established by the school.

- Students who come late to school will need to check in at the front office. Students must be walked into the office by a parent/guardian and signed in.

STUDENT DROP OFF/PICK UP/VISITS

- It is not safe to drop children off more than 15 minutes before school or to leave them more than 15 minutes after the school day ends.
- Parents must not leave their children on a school campus longer than fifteen (15) minutes either before or after the school day.
- School grounds are not supervised except during the school day.
- If extenuating circumstances prevent a family from picking up a student on time, the school must be notified within fifteen minutes of the end of the school day. The student may be taken to the after school program and charged a \$5 fee.
- If students are repeatedly left on campus outside of the school day hours, an administrator will attempt to contact the family to discuss and resolve the problem.
- If the problem continues, the student may be considered abandoned and the police will be notified. Such children may be subject to transportation to a designated state shelter.
- 21st Century Public Academy will do their best to abide by parenting plans provided to them but are not responsible to enforce specific pick-up days.
- Parents/guardians on campus during the school day need to check-in at the main office and wear a visitor or volunteer name tag at all times.

DISRUPTION OF THE EDUCATIONAL PROCESS

School is a place to learn and to be a part of a community. If a student is behaving in a way that does not allow other children to learn, school staff will need to intervene with the child. Students, whether receiving general or special education services, may need to receive interventions for disruptive behavior.

Acts of misconduct are subject to disciplinary action by appropriate school personnel. Unacceptable conduct is defined as whether or not it disrupts or has the potential to disrupt the educational process. Consequences will result for cases such as bullying, fighting, harassment, inappropriate use of cell phones or other electronic devices, use or possession of e-cigarettes and other forms of disrupting the educational process, or violation of laws, rules and regulations. This handbook follows 21st Century Public Academy, APS, State, and Federal guidelines. See the Glossary of Terms at the back of this handbook for definitions of acts of misconduct.

PHYSICAL MANAGEMENT GUIDELINES

In order to provide safe and effective management of students who are demonstrating dangerous behaviors, physical management may be necessary at times. See the Glossary for the definition of Physical Management. Physical management may be indicated when a student's behavior is dangerous to self or others or results in property damage likely to result in harm to self or others. Physical management is always a last resort, used only after all other less restrictive interventions have been exhausted or ruled out due to significant safety concerns. 21st Century Public Academy staff should follow all Policies and Procedures with regard to student safety. A hierarchy of non-physical interventions must be used prior to the initiation of physical management, except in emergency situations.

CONSEQUENCES FOR UNACCEPTABLE CONDUCT

- The school is a community, and the rules and regulations of a school are the laws and expectations of that community. The right to a public education is not absolute; it may be taken away, temporarily or permanently, for violation of school rules.
- Consequences have been established and must be expected for any violation.
- Schools must notify the parents or legal guardian of the student in any circumstances where the school's disciplinary response will exceed administrator/student contact.
- Administrative response to unacceptable behavior will follow the Student Handbook.

SUSPENSION

- A suspension is the removal of a student from a class or classes and all school-related activities for any period of time. Suspension may include in-school suspension alternatives to long-term removals from school of one year or longer
- The school administration must provide notification of any form of suspension to the parent/ guardian and teachers of any student being suspended. The notification must be documented in writing and should occur on the same day, or as soon as possible if the parents cannot be contacted. Written notification should follow upon parent request if the notification is made by phone or in person.
- The school administration must keep on file a copy of the notification for any suspension occurring during a school year,
- The principal of the school is responsible for notification, compliance and documentation.

- Copies of suspension notification will be discarded at the beginning of each academic year for prior year actions, except for any long-term suspensions or expulsions

SHORT-TERM SUSPENSION

- Short-term suspension will be at the discretion of the school administrator and will address behaviors that disrupt the educational process. Administrators may impose consequences beyond minimum mandatory in order to maintain the safety and security of the school population.
- Short-term suspension will be limited to no more than five (5) days.

LONG-TERM SUSPENSION (LTS)

- Long-term suspension is defined as the removal of a student from instruction and all school-related activities for more than ten (10) days and up to the balance of the semester, or longer as determined by the hearing officer in cases which are near the end of a given semester.
- A student receiving a long-term suspension will lose credit for the semester.
- A student must be given the opportunity for a due process hearing prior to the suspension.
- The student may, at his/her own expense, choose to be represented by an attorney at the hearing.
- At the principal's discretion, students may be suspended pending a due process hearing.

EXPULSION

- Expulsion is the suspension of a student from all regular schools in Albuquerque Public Schools and APS Charters for a period exceeding one (1) semester. In some cases, expulsion may be a permanent removal from the school system.
- A student receiving an expulsion will lose credit for the semester in which the expulsion occurs.
- A student must be given a due process hearing prior to expulsion.
- The student may, at his/her own expense, choose to be represented by an attorney at the hearing

FIREARMS

- The Gun Free Schools Act provides for a mandatory expulsion of a period of not less than one year for a student who is determined to have brought or to

have possessed a firearm at school or any setting that is under the control and supervision of school officials. All school related incidents of firearm possession must be reported to the Albuquerque Police Department. This includes

- Possession, selling or otherwise furnishing a firearm.
- Possession of any explosive device as defined in the Gun Free Schools Act.

REFERRAL FOR LEGAL ACTION

- Communication of any illegal act or action by a student will be forwarded to the appropriate authority or law enforcement agency
- New Mexico law requires that, if any school employee has reasonable cause to believe that a child is or has been in possession of a firearm on school premises, the employee shall immediately report the child's actions to a law enforcement agency and the Children, Youth and Families Department.

SUSPENSION OF EXTRA-CURRICULAR PRIVILEGES

- Students may be removed, at the discretion of the principal, from any part or all of extra-curricular privileges for time periods up to one (1) full calendar year.
- Participation in extracurricular activities is a privilege offered to and earned by students.
- Because participants are serving as representatives of their school and community, they are expected to exemplify high standards at all times.
- Participants are expected to adhere to higher standards of academics and conduct than established for the general school population in order to maintain their extra-curricular privileges.
- **Participation in extracurricular activities is not a student right, and suspension of such privileges does not require a due process hearing procedure.**

DISTRICT WIDE SUBSTANCE ABUSE AND TOBACCO POLICY

Albuquerque Public Schools and Charters support a safe and healthy learning environment for all students which is free from alcohol, tobacco, and drug use and abuse.

Substance Abuse Policy 21st Century Public Academy prohibits the sale, use, possession, transfer of, or being under the influence of alcohol, tobacco, e-cigs, narcotics, hallucinogens, inhalants, or drugs, look-alikes or possession of drug paraphernalia on

district property or at any district-sponsored activity. Any student found to be engaging in any of the above behaviors shall be subject to appropriate interventions and/or disciplinary measures. Students who are involved in extracurricular activities are subject to additional consequences for violating the Substance Abuse Policy.

EXTRACURRICULAR SUBSTANCE ABUSE AND TOBACCO POLICY

Extracurricular activities are an integral part of the educational process, providing students with opportunities to further develop their unique capabilities, interests and needs beyond the classroom. Participation in extracurricular activities is a PRIVILEGE offered to and earned by students. Because participants are representatives of their school and community, their conduct is expected to exemplify high standards at all times. The Extra-Curricular Substance Abuse and Tobacco Policy is in effect twenty-four hours a day, seven days a week, at all times/locations from the first day of fall sports practices to the end of the school year.

The definition of alcohol and controlled illegal substance possession is extended to include circumstances where substances covered under the policy are nearby and available (i.e. parties, gatherings, etc.).

Criteria for application of sanctions would include, but not be limited to:

- Any Minor in Possession (MIP) or Offense by a Minor Citation
 - Written documentation from legitimate law enforcement/school/security reports
 - Personal acknowledgment by the student in question and/or their guardian
- The following bullets apply to a Suspension of Extra-Curricular Privileges:
- The suspension applies to all school sanctioned athletic and non-athletic activities.
 - Students will not be withdrawn from classes co-curricular with activities.
 - A student serving a suspension cannot participate in a "try-out" during that suspension.
 - Other disciplinary consequences may apply. This may include suspension of extra-curricular activities, including but not limited to attendance/participation in school activities such as athletic events, open campus, dances, clubs, and other privileged events (including promotion ceremonies), as determined by an administrator.

SALE OR DISTRIBUTION OF CONTROLLED/ILLEGAL SUBSTANCE

- Student is ineligible to participate in school sanctioned extra-curricular activities

for the remainder of the academic year or longer under special circumstances.

- Participation in extracurricular activities is not a student right, and suspension of such privilege does not require a due process hearing. A grievance procedure is available under the provisions of this handbook in the section called "WHAT TO DO IF YOU BELIEVE THAT YOUR RIGHTS HAVE BEEN VIOLATED" (see Table of Contents). The Extra-Curricular Substance Abuse and Tobacco Policy is in effect twenty-four hours a day, seven days a week, at all times/locations from the first day of fall sports practices to the end of the school year. Additional sanctions may apply above and beyond the minimum mandatory consequences of this policy for violations that occur when this handbook is in force (i.e. on school property, during school time, or at school events.)

SCHOOL ALTERNATIVES FOR HANDLING UNACCEPTABLE CONDUCT

- 21st Century Public Academy develops its own set of methods appropriate to the student's age and level of development in dealing with unacceptable conduct. Some of the actions which may be used are listed below by categories.

CONTRACTS

- Student commits to more positive behavior in the form of a written contract.
- Student may be assigned school or community service.
- Terms of the contract will be determined by the principal or designee.
- Students may be taken to a long-term suspension hearing for contract violation.
- Contract violations will result in continuing progressive discipline up to and including long term suspension.

REFERRALS

- Students may be referred to the school counselor, Student Assistance Team, School, or the Health and Wellness Team.
- Student and school authority may call parent/guardian to discuss problem and solution,
- Students may be referred to peer jury as designed by the school, but only upon student's waiver of educational records privacy rights.
- Student may be formally referred for legal action.
- A Functional Behavior Assessment (FBA) and Behavior Intervention Plan (BIP) may be used to identify and address behaviors that are impeding education,

REMOVAL FROM CLASS

- Student may be removed from class or activity but remain at school pending

conference with appropriate school personnel and parents/guardians must be informed

- Student may be placed in an alternative educational setting until satisfactory resolution is reached.
- The authority of the schools is to supervise and control the conduct of students and includes the authority to impose reasonable periods of detention during the day or outside normal school hours, as disciplinary measures.
- Reasonable periods of detention may be imposed with the procedures for temporary suspension.

BULLYING AND CYBERBULLYING

It is the policy of 21st Century Public Academy to provide a learning environment that is free from bullying and cyber-bullying. It is a violation of this policy for any student to engage in bullying or cyber-bullying, or for any employee of the 21st Century Public Academy to condone or fail to report acts of bullying or cyberbullying that they witness or become aware of (i) on school grounds and property immediately adjacent to school grounds; (ii) at school-sponsored or school-related activities, functions or programs, whether on or off school grounds; (iii) through the use of technology or an electronic device owned, leased or used by the school district.

It is also a violation of this policy for any student to engage in bullying or cyberbullying at a location, activity, function or program that is not school-related, or through the use of technology or an electronic device that is not owned, leased or used by the school district, if the bullying creates a hostile environment at school for the victim, infringes on the rights of the victim at school, or materially and substantially disrupts the education process or orderly operation of the school, as determined by school administrators.

21st Century Public Academy will not tolerate retaliation against a person who reports bullying or cyber-bullying, provides information during an investigation of bullying or cyber-bullying, or witnesses or has reliable information about bullying or cyber-bullying.

“Bullying” is defined as the repeated use by one or more students of a written, verbal, or electronic expression, or a physical act or gesture, or any combination thereof, directed at a victim that: (i) causes physical or emotional harm to the victim or damage to the victim’s property; (ii) places the victim in reasonable fear of harm to himself or of damage to his property; (iii) creates a hostile environment at school for the victim; (iv) infringes on the rights of the victim at school; or (v) materially and substantially disrupts the education process or the orderly operation of a school.

“Cyber-bullying” is defined as bullying through the use of technology or any electronic communication, which includes but is not limited to any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by such things as electronic mail, internet communications, instant message, text message or facsimile. Cyber-bullying includes (i) the creation of a web page or blog in which the creator assumes the identity of another person or (ii) the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation is a violation under the law. Cyber-bullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting is a violation of the law.

It is the responsibility of every student, parent and employee of the school district to recognize acts of bullying, cyber-bullying and retaliation. Any student who believes that he or she has been the victim of bullying, cyber-bullying or retaliation should report it immediately to his or her teacher or principal.

Students, parents and members of the school staff, including but not limited to educators, administrators, school nurses, coaches, advisors, advisors to an extracurricular activity, or paraprofessionals, who witness or become aware of bullying cyber-bullying or retaliation should immediately report it to the principal.

Reports of bullying or cyberbullying will be promptly investigated. If the school principal or designee determines that bullying or retaliation has occurred, the school principal or designee will (i) notify the police if the principal or designee believes that criminal charges may be pursued against the perpetrator; (ii) take appropriate disciplinary action; (iii) notify the parents or guardians of the perpetrator; and (iv) notify the parents or guardians of the victim, and to the extent consistent with state and federal law, notify them of the action taken to prevent any further acts of bullying or retaliation.

Any student who knowingly makes a false accusation of bullying or retaliation will be subject to disciplinary action including, but not limited to reprimand, detention, loss of privileges, and/or suspension. An educational component will be part of the actions taken. If the false accusations have civil and/or criminal elements then further actions may be taken by appropriate law enforcement agencies.

Any staff member, parent, and/or community member who knowingly engage in false accusations will be subject to appropriate consequences administered by the school system and/or law enforcement agencies.

Complaints of bullying or retaliation may be made anonymously; however, no

disciplinary action shall be taken against a student, staff member, parent, or community member solely on the basis of an anonymous report.

DISCIPLINARY CONSIDERATIONS FOR STUDENTS WITH DISABILITIES UNDER the INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA)

- Students with disabilities receiving special education services are subject to the same expectations as students receiving general education services and are expected to follow the District's disciplinary process. While IDEA provides federal guidelines covering the discipline procedures to be followed for students with disabilities receiving special education services, consequences for behavior violations, including school removals of more than ten days, may still occur. Discipline safeguards, as covered under IDEA, do not apply to students identified under the eligibility of "gifted" unless such students also have a disability eligibility. exclusion of a student with a disability from his/her education program for more than a total of ten (10) days during a school year may constitute a change in placement considerations must be addressed:
- When considering long-term suspension or expulsion, an Individualized Education Program (IEP) team must first determine whether the behavior of concern is a manifestation of the student's disability.
- To determine if the conduct in question is or is not a manifestation of the student's disability, the IEP Team must conduct a Manifestation Determination Review Meeting and then determine:
- if the conduct in question was a direct result of the Local Educational Agency's failure to implement the IEP; or if the conduct in question was caused by, or had a direct and substantial relationship to the child's disability.
- If the IEP Team determines that the behavior is related to the student's disability, no further disciplinary proceedings shall occur unless weapons, guns/knives, illegal drugs or serious bodily injury offenses occur. (Refer to IAES below.) Recommendations: Review IEP, add services and supports, develop/update a Functional Behavior Assessment (FBA), Behavior Intervention Plan (BIP), and/or change services, if appropriate.
- If the IEP Team determines that the behavior is not a manifestation of the student's disability, disciplinary actions may be taken in accordance with the procedures in this handbook.
- Should the disciplinary procedures include long-term suspension or expulsion,

the School/District must continue to provide educational services, including access to the general education curriculum and related services, as determined in the IEP.

- Any suspension that excludes a student from his/her IEP services must be counted when calculating the total number of suspension days (up to 10 cumulative days or beyond the 10 days may constitute a change of placement).
- The decision to change a student from his/her IEP placement to an AES or IAES due to imposition of discipline must be made by the IEP team and consider the students' individual needs on an individual basis. Interim Alternative Education Setting (IAES) is an off campus placement up to 45 school days for offenses which include:
 - Weapons: objects used to cause bodily harm and used in a threatening way,
 - Guns/knives (blade must be 2 1/2 inches or longer): possession/carrying,
 - Illegal drugs: possession/sale/distribution/solicitation (not to include alcohol or tobacco),
 - Serious bodily injury: student has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function,
 - Placement in IAES for "special circumstances" may be no longer than 45 days. Removals may extend past the 45 school days only if the student has been long-term suspended or expelled through the APS Hearing Process because the conduct was not a manifestation of disability. During the IAES period for "special circumstances" in which the conduct was a manifestation, the IEP team is to meet to develop strategies and interventions to bring the student back into her/his typical placement as soon as appropriate. Alternative Educational Setting (AES). On campus AES refers to special education services provided on the campus where the student is currently enrolled for the duration of the suspension period of more than 10 days. Typically, on campus AES settings are for students suspended for violations that do not involve drugs/weapons/ serious bodily injury. The IEP team determines the student's AES. The IEP team is also responsible for ensuring completion of a Functional Behavior Assessment (FBA) and the development of a Behavior Intervention Plan (BIP). If one already exists, it would need to be updated.
- 21st Century Public Academy will follow the federal guidelines regarding the continuation of educational services for suspended special education students with disabilities.
- Procedural safeguards ensure that parental/guardianship due process rights are afforded.
- Students with disabilities are entitled to a due process hearing.
- A student with a disability should not be suspended for a period of time longer

than a student without a disability would be suspended.

WHAT IS SECTION 504?

- Section 504 is a federal civil rights statute under the Rehabilitation Act of 1973. It provides protections against discrimination for individuals on the basis of a disability. Students in school settings fall under the protection of Section 504 which prohibits discrimination on the basis of disability from all school programs, benefits and activities. It may be a service option available to students with disabilities who have been evaluated and met Section 504 identification criteria. Section 504 is designed to provide equal access and fairness in general education to students with disabilities, thereby leveling the playing field for them through what is known as a Section 504 Accommodation Plan. It is NOT a plan designed to enhance a student's performance. Its purpose is to ensure equal access to the programs, benefits and activities that APS offers.

WHAT DOES THIS MEAN FOR YOUR STUDENT IN SPECIAL EDUCATION?

- For students receiving special education services for a disability, Section 504 ensures these students are not subject to discrimination based on their disability. This means students with disabilities should have access to the education programs relevant and appropriate to that student. Please note:
- Students who qualify for Section 504 accommodations do not automatically qualify for special education under IDEA and students who qualify for special education under IDEA do not automatically qualify for Section 504 accommodations.

WHAT DOES THIS MEAN IF YOUR STUDENT HAS A DISABILITY BUT IS NOT IN SPECIAL EDUCATION?

- For students not in special education but have an impairment that substantially limits major life activities such as caring for oneself, learning, seeing, hearing, speaking, breathing, and working, Section 504 ensures that upon request, a committee will determine your student's 504 Plan eligibility. If your student is determined to be eligible, accommodations can be provided to help the student access his/her educational program.

HOW DOES THIS PROCESS WORK?

- Parents or the school staff may request a 504 planning conference.

- Parents are notified in writing of the date, time and place of the 504 planning conference.
- Information is gathered for review at the conference to determine eligibility. Parents may wish to bring information.
- The conference participants review the information and determine if the student meets the 504 plan eligibility criteria.
- If the student is eligible, a written 504 Plan is completed with input from the parent(s), school staff and where appropriate, the student.
- If the student is found not to be eligible for a 504 Plan the student may be referred to the school's Student Assistance Team (SAT).
- The SAT may work with your child's teacher, nurse or other staff to create a school health plan, a behavior plan or an academic improvement plan that will help to ensure your child is successful in accessing the educational program at the school.
- If a 504 Plan is developed for your student, that plan will be reviewed at least annually to ensure that your student still needs the plan or that the plan is meeting your student's needs.
- If, at any time, your student's condition changes or you believe a change is needed in the plan, you may request a new planning conference.

WHAT HAPPENS IF PARENTS/FAMILIES BELIEVE SOME PART OF SECTION 504 IS NOT BEING FOLLOWED?

- If you believe that either part of Section you may make a report and request a resolution.
- Parents may request mediation between themselves and the school staff to resolve the situation informally. This request should be made to the principal.
- If parents are not satisfied with the informal resolution, they may request a due process hearing. That hearing is a formal process with the district appointed 504 Hearing Officer. The hearing will provide an opportunity for participation by the parent, students and their representative or legal counsel.

DOES EVERY STUDENT WITH IMPAIRMENT REQUIRE A 504 PLAN?

- No. A student may have a health plan or a behavior plan instead of a 504 Plan. These plans are written documents describing what accommodations will be provided by teachers, nurses, counselors or other school staff. They are reviewed periodically and may be updated or changed if at any time the parents, students or staff believes other accommodations are required. These plans are developed with parents and students, and changes are only made with parent

communication and agreement. Section 504 applies only if the impairment substantially limits a major life activity. APS encourages school personnel, parents and students to work cooperatively to avoid getting mired down in definitional disputes, and focus on ensuring that the student is able to equally access the programs, benefits and services that APS offers, regardless of whether through a health plan, behavior plan, Section 504 plan or other process.

WHERE DO I CALL TO ASK ABOUT A 504 PLAN?

- Questions about how to develop a 504 Plan for your student, or concerns you may wish to express about equitable treatment of a special education student, start with your child's principal and teacher. Your student's principal may refer you to the school counselor or to the chair of the Student Assistance Team (SAT) for immediate help.
- The principal may request that the District 504 Coordinator attend and participate in your child's 504 planning conference or to be involved in mediation. The 504 Coordinator is charged with ensuring that school staff understand the requirements of Section 504 and helps to ensure that these requirements are implemented. The District 504 Coordinator can serve as an impartial third party to help with planning or mediation. As a parent, you may request that the District 504 Coordinator attend a planning conference.

DISABILITY HARASSMENT/DISCRIMINATION

- Numerous situations may constitute disability harassment or discrimination. Mocking, taunting, ridiculing, criticizing or punishing a disabled student because of his/her disability are a few examples of what may constitute disability harassment or discrimination. Examples of circumstances that may constitute disability harassment include:
 - Making remarks out loud during class that a student with dyslexia is "retarded" or "deaf and dumb" and does not belong in the class.
 - Repeatedly placing classroom furniture or other objects in the path of classmates who use wheelchairs, impeding the student's mobility.
 - Habitually subjecting a student to inappropriate physical restraint because of conduct related to his disability.
 - Repeatedly denying a student with a disability access to lunch, field trips, assemblies, and extracurricular activities as punishment for taking time off from school for required services related to the student's disability.
 - Repeatedly belittling and criticizing a student for using accommodations in

class.

- Taunting and belittling a student with mental retardation by mocking and intimidation. School personnel who become aware of disability harassment shall promptly and effectively act to end the harassment and prevent it from recurring and, where appropriate, remedy the effects on the student who was harassed. Remedial measures will generally include counseling both persons who have been harmed by harassment and person(s) who have been responsible for the harassment of others and implementing monitoring programs to follow up on resolved issues of disability harassment.

DISCIPLINARY CONSIDERATIONS FOR STUDENTS UNDER SECTION 504

- Students with 504 accommodations are not immune from the district's disciplinary process once identification and placement procedures are properly followed. Students with 504 accommodations being considered for removal from school for 10 or more days must receive a manifestation determination review prior to action. The committee must determine if the conduct in question was caused by or had a direct and substantial relationship to the student's disability. If yes, was the conduct in question the direct result of the school's failure to implement the student's 504 plan? If the behavior is a manifestation of the disability, any disciplinary recommendation for a change of placement should be withdrawn. If the behavior is not a manifestation of the disability, the student may be disciplined in the same manner as non-disabled students.

TITLE IX OF THE EDUCATION AMENDMENTS OF 1972 GENDER DISCRIMINATION

- Federal law prohibit discrimination on the basis of gender.
- If students are treated differently based upon their gender, in academia or extracurricular activities, this treatment may be considered gender discrimination. Gender discrimination may include: academic programs, discipline, classroom assignment, physical education, grading and/or athletics,

SEXUAL HARASSMENT

- Sexual harassment is a form of gender discrimination as defined in Title IX of the Education Amendments of 1972. Sexual harassment:
- Is a violation of Federal Law, APS Policy, and School Policy
- Is illegal under state human rights statutes and may be considered a criminal offense under state and local assault and child abuse laws.
- Includes sexual advances, requests for sexual favors, and written or verbal

conduct of a sexual nature.

- Extends to claims of discrimination based on gender identity or failure to conform to stereotypical notions of masculinity or femininity. If behavior toward another student makes him or her feel intimidated, uncomfortable or if the student feels threatened, it may be considered sexual harassment even if the harasser did not intend for his or her actions to be offensive.

SEXUAL HARASSMENT IS CONSIDERED TO HAVE OCCURRED WHEN:

- conduct or communication is made a term or condition, either explicitly or implicitly, of the academic status of a student or obtaining an education,
- submission to or rejection of that conduct or communication by an individual is used as a factor, which affects the academic standing or education of a student.
- That conduct or communication has the purpose or effect of substantially or unreasonably interfering with the education of a student, or creates an intimidating, hostile or offensive educational environment.
- there is an intentional and persistent refusal to respect a person's gender identity (name, pronoun, dress, etc.)

SEXUAL MISCONDUCT

- Sexual misconduct includes, but is not limited to:
- Physical acts of aggression.
- Force or threat against another student.
- Threatening to force or coerce sexual acts,
- Touching of private/intimate parts of the body
- Coercing, forcing or attempting to coerce or force sexual intercourse. These acts should be reported to the Albuquerque Police Department.
- Retain their academic standing, which cannot be altered due to their "medical condition".

VIOLATION OF STUDENT RIGHTS

- Students who believe that their rights have been violated should report concerns to their parents, school administrator, or other appropriate school personnel.
- If the appropriate school personnel do not resolve the concern, a report should be made to the Student, Parent, Employee Service Center at (505) 855-9040. . For additional information please see "What to do if you believe that your rights have been violated" on page 6.

CHILD CUSTODY ISSUES

- Parents and the courts will establish the terms and conditions of custody of the children. Custody terms will generally fall into the categories of Joint Custody, Primary Physical Custody, and Sole Custody. In any of these custody arrangements, unless parental rights have been legally waived, both parents retain full parental rights regarding access to school records, grades, parent-teacher conferences, IEP meetings, and so forth. 21st Century Public Academy will remain neutral in custody cases and will rely on parental agreement or court documents in honoring parental requests. - 21st Century Public Academy shall not conduct any invocations, benedictions, or formal prayers at any district-sponsored activities but will respect outside entities moments of reflection as long as it does not interfere with the scheduled activities.

USE OF VIDEO FOR INSTRUCTIONAL PURPOSES

- 21st Century Public Academy will utilize video of classes in session during the regular school day for purposes of improving and assessing instructional practices and for teacher evaluation.

BUS MISCONDUCT

Appropriate behavior is expected whenever a student is on the bus. Suspension from the bus does not mean that a student is suspended from school. Instead, the parent/guardian will be responsible for transporting the student to and from school. Driver, bus assistant or administrator may select a different consequence in handling an incident. This depends on the seriousness of the infraction.

- First Offense – A warning to the student with a report to the parent/guardian will be issued. It is expected that the parent/guardian will help to prevent a recurrence.
- Second Offense – Depending on the seriousness of the behavior disciplinary action will be taken at the discretion of the school administrator. It is recommended that the

student be placed on probation and receive written documentation of the offense to take to his/her parent/guardian.

- Third Offense – Suspension of riding privileges may result. The length of suspension will depend on the seriousness of the infraction. There will be parent/guardian conference.
- Severe Disruption – The following inappropriate and dangerous behavior will result in automatic suspension of transportation privileges:
 - A. Physical harm to other students
 - B. Physical harm to the driver and/or bus assistant
 - C. Physical damage to the bus
- For students who have IEPs that include behavior needs, the IEP team shall provide relevant information to the bus company.
- To determine if the conduct in question is or is not a manifestation of the student's disability, the IEP team must conduct a Manifestation Determination Review Meeting.
- The driver, bus assistant or administrator has discretion in handling day to day minor infractions for students receiving special education services. For circumstances in which the school is considering suspension from transportation services that exceeds 10 days, the matter will be reported and referred to the student's IEP Team.

Discipline for Special Education Students

In accordance with the law, students with disabilities are treated differently when it comes to discipline. However, when IDEA 2004 was enacted "Congress removed a requirement that the IEP team meet within 10 days of a disciplinary removal to conduct a Functional Behavior Assessment (FBA) or review and modify any existing Behavior Intervention Plan (BIP), regardless of whether or not the behavior in question was a manifestation of the student's disability", (p. 25, Student Discipline for Students with Disabilities, a Technical Assistance Manual). Typically, however, if a student with a disability demonstrates a pattern of behavior that interferes with his/her learning or that of others, an IEP meeting will be called as soon as possible to address the issue, Although not required by law, the same may be true if a student should commit a single offense that significantly violates the school's code of conduct and for which suspension

is appropriate. At this meeting, the school shall obtain consent from parent/guardian to conduct a Functional Behavioral Assessment. Depending on the information obtained from the FBA, the IEP team will determine the next step. In some cases, the IEP team may address the behavior through the addition of appropriate functional goals to the child's IEP, More often, however, a BIP will be developed and put into place along with relevant functional goals. The student's behavior will be monitored and data collected to determine if the BIP is sufficiently addressing the issue. Behavior Intervention Plans are reviewed every semester unless there are questions about their effectiveness in which case they will be reviewed and revised as soon as possible. If a student with a disability (that already has a BIP in place) commits offenses that result in suspension, the BIP may need to be reviewed as soon as possible and changes made if appropriate. Initiating the FBA process or reviewing an existing BIP is generally best practice in the above scenarios. However, there will always be exceptions to the rule.

ANY Special Ed. student can be suspended for up to 10 cumulative days in a school year. Because more than 10 days of suspension may be considered a change in placement, certain protections are triggered if another suspension is being considered. At this point in time, a Manifestation Determination Review (MDR) will be conducted within 10 days of the offense.

The MDR will typically involve members of the student's IEP team (including student's parents if they choose to attend), administration and any relevant persons that the parents choose to include. At the MDR, the team will make a decision as to whether or not the s was a manifestation of his/her disability. The MDR must answer two questions: "Was the conduct caused by, or did it have a direct and substantial relationship to, the student's disability?" and "Was the conduct in question the direct result of the district's failure to implement the student's IEP?" (p.32, Student Discipline for Students with Disabilities, a Technical Assistance Manual). If the answer to either of these questions is yes, the school may not initiate long-term suspension or expulsion. If the MDR decides that the behavior in question is NOT a manifestation of the student's disability and NOT due to the failure of the district to implement the IEP, a due process hearing will be scheduled. If the school recommends long term suspension and the hearing officer agrees, an Interim Alternative Educational Setting (see following page) will be provided by the school so that the student continues to receive special education services.
