

FREE FLU SHOTS

Courtesy of Albertsons Market Pharmacy!

Saturday, October 10th, 2020; 9 am – 12 noon

4121 Cutler Ave NE. ABO 87110 ** Parking lot “drive-thru” event

Utilizing all CDC COVID Safe Immunization Practices including wearing face shields, N95 face masks, isolation gowns, and disposable gloves – be vaccinated from your vehicle!

The CDC recommends that every person ages 6 months and older receive an annual vaccination to prevent influenza. The flu is a severe disease that adversely affects our community each year. Albertsons Market Pharmacy would like to keep your students healthy by offering free flu shots.

This free program is available to everyone including all students, staff, families, friends and neighbors. Let's work together to keep everyone healthy, happy and safe this school year.

Sincerely,

Uri Bassan RPh
