

21st Century Public Academy- Elementary

Academic/Social Athletic Standards

Please complete the bottom portion and return it (online through email/registration or in-person) to the Athletic Director by Athlete's first practice.

1. Students must maintain passing grades (60% or higher) with no failing grades for academic eligibility. If a student receives two D's or one F on a grade check or report card, he/she shall be placed on a one-week probationary period to bring grades up. During this time the athlete may practice with his/her team, but may not participate in games or competitions. Once grades are actable or after the one-week probationary period, the athlete's grades will be reviewed by the Athletic Director for eligibility approval.
2. The Athletic Director will check or review Athletes' grades once every two weeks with their designated teachers. This will be done to ensure the athlete's academic grades are presented as eligible to participate.
3. If a student receives an unsatisfactory mark in conduct for any reason, he/she may be placed on a probationary period to bring the mark back up.
4. Students must maintain an acceptable level of discipline in the school environment and on the athletic field.
5. Medical permission (proof of physical) is due on the first day of the Athletes practice. Please notify the school if you are unable to obtain a physical. Parents must fill out a waiver form for the athlete prior to participating in sports. Students **will not** be able to participate in any level of athletic activity/competition without a physical and all required participation forms.
6. Students are required to attend all games and practices unless excused by the coach. **Students may not play or practice if absent (unexcused) from school on the day of the scheduled activity.**
7. A \$60 dollar fee **per sport** is required for the student to participate payable to 21st Century Public Academy.
8. Parents are responsible for getting students to and from practices and games that are not on campus. **Note:** Coaches will not be responsible for arranging or transporting athletes to any athletic events.
9. Parent and student behavior will always be representative of the values of the school and participating league.
