Mission: It is the mission of 21st Century Public Academy to continually search for positive learning experiences that enrich students and staff. These lessons will take place through Outside School Instruction (OSI) in the arena in which they are practiced to support the connections between community and stellar academics.

About the School

21st Century Public Academy is in Albuquerque, New Mexico and that currently serves 355 students in grades 1-8. At the end of the school's previous contract term with Albuquerque Public Schools, they applied and were approved for renewal of contract as a PEC authorized school. In 2021, the school amended their contract to expand grades served from 5-8 to 1-8.

The school has a relationship with 21st Century Public Academy Foundation, a nonprofit foundation whose primary purpose is to provide financial support to the school. The school also has a relationship with the Cutter Charitable Foundation, a non-profit foundation with the primary purpose of which is to provide a leader-purchase arrangement for the school's facilities.

The school's mission is to continually search for positive learning experiences that enrich their students and staff. The school provides an innovative curricular component, Outside School Instruction (OSI), which is woven throughout curricula.

The school serves a diverse population of learners and prides itself on data driven instruction, strong student support, and academic rigor. Teachers meet daily in grade level teams to coordinate and to prepare collaborative lessons. In addition to academics, the school also provides extracurricular activities and sports offerings for students.

Academic Performance

State Accountability System

The New Mexico State Accountability System gives every public school in the state an overall score. The top 25% of schools are designated Spotlight schools.

Schools were ranked by percentile within school type, with high schools being ranked separately from elementary and middle schools because of differences in how points are calculated (e.g., graduation factoring into high school but not elementary school accountability).

Schools below the 75th percentile are designated either a Traditional Support School or are given one of several designations indicating a need for greater support:

- Targeted Support and Improvement (TSI): Public Schools (Title I and non-Title I) with one or more student groups that meet the state's definition of consistently underperforming
- Additional Targeted Support and Improvement (ATSI): Public Schools (Title I) with one or more student groups performing as poorly as the lowest performing 5 percent of Title I schools identified for CSI
- Comprehensive Support and Improvement (CSI) Student Group: Title I schools that were previously identified for additional targeted support and improvement and that did not meet the statewide criteria for exiting ATSI status within the number of years determined by the state

- CSI – Graduation Rate: All public high schools in the state (Title I) with a four-year graduation rate below 66.67% for at least two out of the past three years
- CSI – Low Performing: Schools scoring in the bottom 5% of all Title I schools
- More Rigorous Intervention (MRI): If a CSI School does not satisfy exit criteria within the identification cycle, they are identified as MRI.

21st Century Public Academy ranked above **69.2%** of elementary and middle schools statewide. The school received a designation of **Traditional Support School**.

Proficiency

In prior years, Early Literacy (ELIT) data from the Istation assessment administered to grades K-2 was aggregated into an overall reading proficiency score. In 2021-22, Istation data are provided as a separate metric (ELIT). Only schools that serve grades K-2 will include ELIT data.

Because science is assessed only in grades 5, 8, and 11, schools that do not serve these grades have no science proficiency data.

Data are masked as follows in the charts shown below:

Students	Percentages Given	Data Masking
N = 0		<p>Examples:</p> <p>In a group of 17 students, if the proficiency was 3% the chart would show $\leq 20\%$ and if it was 98% it would show $\geq 80\%$.</p> <p>In a group of 59 students, if the proficiency was 3% the chart would show $\leq 5\%$ and if it was 98% the chart would show $\geq 95\%$.</p>

Organizational and Financial Performance Framework

2021-22 Overall Rating: Meets Standard

Pursuant to the [PEC Performance Framework and Accountability System \(2019\)](#), schools receive ratings of **Meets Standard**, **Working to Meet Standard**, or **Does Not Meet Standard** for individual indicators in the framework. Explanations for any rating other than Meets Standard are provided below.

The school also receives an overall rating of either **Meets Standard** or **Does Not Meet Standard** for the year. If a school receives a **Does Not Meet Standard** rating for three or more indicators, it will receive an overall rating of **Does Not Meet Standard**.
