**2. OSIs**

- a. Mission Specific Goal: *75% of students, enrolled on the 40th and 120th day, will complete at least 18 OSIs and earn a minimum of a 3 on the RACED writing OSI Assignment Rubric on the final assignment for the year.*

**3. Testing**

- a. We have concluded all state-mandated testing for the year, with 100% participation in each, including the following assessments:
  - i. ACCESS for ELLs
  - ii. DLM
  - iii. NM-ASR

- iv. NM-MSSA
- b. Our final testing window was this week, wherein we conducted the last short-cycle assessment in MAPs for grades 3-8 and ISIP for grades 1-2. Teachers will present final data during our inservice the week of May 28th, and I will present their findings to the board at the next GC meeting.

#### **4. School Accountability**

- a. Per a memorandum from PED, the formula for calculating NM schools' Vistas scores was adjusted this month. Thankfully, it is now very transparent exactly how points are earned for each school in each measured category.
- b. The previous designation of "Excellence" for the top 10% of schools no longer exists. However, schools may now earn Recognitions of Excellence for individual categories in which they perform in the top 10% of schools. We have earned these Recognitions in three categories:
  - i. ELA Proficiency
  - ii. ELA Growth
  - iii. Science Proficiency
- c. Unfortunately, another result of this change is that we have retained our "Additional Targeted Support and Improvement School" (ATSI) designation from our test scores in 2018-2019. This designation stays with schools for a minimum of three years, and any school with such a designation is not eligible for the Spotlight designation, regardless of their most recent years' scores.
- d. PED did inform me that 21stCPA is "very likely" able to exit this designation next year as a result of our performance this year.

#### **5. School Advisory Committee**

- a. The SAC's next meeting is postponed until next year, as per the chair.
