2. Testing

- a. NM-MSSA testing is underway, we completed ELA this week and will conduct Math next week, with makeup sessions to follow.
- b. PED's Accountability Department held a meeting with all DTCs to inform them of a human error at Cognia leading to incorrect Math data for 7th graders on the 2023-2024 MSSA assessment. This effected all schools in the state. After correcting the error, it was revealed that instead of 33% of our students reaching Proficient or above in that year, we actually had 36%. Statewide went up from the erroneously reported 23% to 23.95%. This has no effect on our designation,

and the same error did not seem to occur on last year's testing data.
